## Institute of Science and Technology

### **REPORT ON INTERNATIONAL DAY OF THE SEAFARERS**

#### **INTRODUCTION**

The International Day of the Seafarer is observed globally on 25th June every year to recognize the exceptional contribution of seafarers to international trade, world economy, and maritime safety. AMET-IST celebrates this day with pride, purpose, and deep maritime spirit.

#### **OPENING CEREMONY AND WELCOME SPEECH BY THE PRINCIPAL**

The International Day of the Seafarers celebration began with an inspiring opening address by our respected Principal. He welcomed all the students, staff, and dignitaries, highlighting the importance of seafarers in global trade and maritime safety. He emphasized the role of young cadets in upholding the legacy of the maritime industry and encouraged everyone to actively participate in the day's

events. His speech set a motivating tone for the celebration.

## **BEATBOXING**

A student lights up the stage with a powerful beatboxing act. His rhythm and energy get the whole crowd cheering, adding a fun spark to the celebration.

## **FINE ARTS – DANCE**

A graceful solo dance by a talented girl mesmerizes the audience. Her moves are elegant and full of energy, adding charm to the event.

## Rhymecraft – Poetry Dedicated to Seafarers

Two students present a heartfelt poem dedicated to seafarers, honoring their courage and sacrifices. Their words touch every heart and remind us of the spirit of the sea.

## SHARING PERSONAL EXPERIENCES OF OUR MENTORS

**Our mentors share inspiring personal stories from their time at sea**, offering a powerful blend of **wisdom, guidance, and motivation** to the next generation of maritime professionals. These real-life experiences, often filled with moments of challenge, triumph, and personal growth, serve as a bridge between classroom learning and the dynamic realities of life at sea.

Whether it's navigating through rough storms, leading diverse crews across oceans, handling emergencies with calm precision, or witnessing the beauty and unpredictability of the open sea, their stories provide students with invaluable insights into the responsibilities and rewards of a seafaring career.

These narratives do more than just inform – they **inspire confidence, build resilience, and cultivate a deep sense of maritime spirit** among our cadets. Hearing firsthand about the decisions made under pressure, the camaraderie built onboard, and the lessons learned far from land helps our students envision their own futures with clarity and purpose.

At AMET-IST, we believe that learning doesn't just come from textbooks or simulators, but also from the **lived experiences of those who've charted the course before us**. Our mentors' journeys are a testament to the courage, discipline, and passion that define a true seafarer and they stand as living proof that with dedication and heart, the sea can become not just a workplace, but a calling.

## QUIZ

Kaun Banega Master Mariner / Chief Engineer – Seafarer Knowledge Quiz

A technical quiz is organized to test maritime knowledge and awareness.

Participants: B.Sc., B.E., DNS (Group I & II)

Team Format: 6 teams in the first round, 3 in finals

Team Size: 2 cadets per team

#### Round 1 Topics:

Sustainable Development Goals  
 Marine Life, Ocean Zones & Ecosystems  
 Marine Mammals  
 Marine History & Human Interaction

#### Final Round Topics:

Marine Conservation  
 Environmental Issues

#### Oceanography & Maritime Trivia

#### Prizes:

Winner – ₹1000/-

Runner – ₹500/-

## **DANCE**

A group of boys sets the stage on fire with their energetic dance moves. Their performance is full of fun, coordination, and pure entertainment.

## **SONG**

A soulful song performance fills the air with emotion and pride. The melody captures the spirit of seafarers and moves the audience deeply.

## **DUMBSHARAS**

Sea-rious Acting – Dumb Charades

This fun activity involves guessing maritime-related terms through gestures.

Participants: B.Sc., B.E., DNS (Group I & II)

Teams: 6 total, one from each class

Team Format: 2 cadets per team

Prizes: Winner – ₹1000/-

## A photograph of a young girl in a white school uniform speaking into a microphone at a podium. Behind her is a large blue banner with white and yellow text that reads: "Institute of Science and Technology", "CENTRE FOR", "THE MANAGEMENT AND STAFF MEMBERS", "Cordially invites you for the", "INTERNATIONAL DAY OF", "THE GIRL CHILD 2025". To the left of the girl is a logo featuring a stylized girl's head. To the right, the text "Venue : School Auditorium" is visible. The date "25-06-2025" is printed on the left side of the banner. The girl is holding a small sign that says "A SEA OF PLASTIC A FUTURE SO DRASTIC" with an illustration of a boat on a blue sea with yellow plastic bottles.

The prize distribution ceremony, where winners and runner-up's receive cash prizes and certificates by our principal . The organizing team expresses gratitude to all faculty, coordinators, and enthusiastic cadets who make the event a grand success.

## **FIRE FIGHTING DRILL**

An essential part of seafarer training, the firefighting drill tests cadets' emergency response, teamwork, and technical skills.

Participants: B.Sc., B.E., DNS (Group I & II)

The drill reflects real-life shipboard emergency handling and emphasizes safety and alertness.

## **CONCLUSION**

The International Day of the Seafarer at AMET-IST is more than just an event it is a tribute to maritime heritage and a reminder of the courage, discipline, and resilience that define every seafarer.

This day strengthens the spirit of unity among cadets and encourages them to carry forward the legacy of those who sail for the world.

"To the men and women at sea – thank you for keeping the world moving."
